

Enrollment for the International Competition in Mathematics "Math Kangaroo" is in progress on www.mathkangaroo.org until the end of December while space is available.

Students in grades 1 through 12 are all welcome. There is a "Certificate of Participation," a t-shirt, and a toy on the test day, Thursday, March 17, 2016, for each participant.

The questions are prepared by the International Committee and are the same in over 50 countries on the same day. (We do not compare results in different countries.)

In May, we award the top winners at the National Level and at the State Level in USA. The awards include gold, silver, and bronze medals, an international summer camp in Tatra Mountains, gift cards, games, books, and "Certificates of Excellence."

All enrolled students enjoy free access to Video Solutions of earlier Math Kangaroo Questions in our [Media Library](#) from the time of registration until the end of August.

Schools are welcome to join our team or parents can register their children for any "public" Math Kangaroo Center they find on our [webpage](#). Private centers enroll only their students and are not shown on our webpage at this time. The participation fee is \$20 for each student. Families of three and more participating children, parents in hardship, and Title-2-schools can apply for discounts.

Information is available on our web page, at info@mathkangaroo.org and at 1-630-624-6284 after 6 P.M. CST.

Math Kangaroo in USA, 501(c)3, since 1998, part of [Kangourou sans Frontières](#)

See you all in Math Kangaroo 2016!
