

Math Kangaroo USA

since 1998

International Competition in Mathematics

Math Kangaroo International Camp Criteria

To qualify for the Math Kangaroo **Merit-based** International Camp, candidates must meet the following criteria, and **no application is needed**:

- Achieved **1st place nationally** in **grade 9 or 10**.
- Maintained a **top 3 ranking** (1st, 2nd, or 3rd) nationally **at least three times** in recent years (**6th-10th grade**).
- Demonstrated **consistent participation** in the Math Kangaroo competition.
- In the event the selected student cannot utilize the award, we will seek the next best candidate.

The Math Kangaroo International Camp is designed to recognize and support exceptional high school sophomores passionate about mathematics, with the goal of encouraging and assisting them in their studies within the field.
