

MEHTA<sup>+</sup>

## MehtA+ AI in Visual Arts Camp Grades 6-12

**Registration Link:** <https://mehtaplus.com/courses/ai-in-visual-arts-camp/>

**Promo Video:** <https://www.youtube.com/watch?v=xrKez27WxZs>

**Promo Code:** AR98T2 (20% off \$50 camp)

**Questions:** Email [info@mehtaplustutoring.com](mailto:info@mehtaplustutoring.com)

**What:** Explore the application of AI to various visual art fields such as drawing, painting, fashion, sculpture, film in this virtual camp for 6th – 12th graders, under the tutelage of MIT & Stanford engineers. Students will be learning how various AI models and concepts – *Convolutional Neural Networks, Variational Autoencoders, Generative Adversarial Networks, Recurrent Neural Networks, Transformers* and *Dimensional Reduction* – work in the context of the visual art domain.

Students will join the AI art revolution by creating and curating their own AI + Art Galleries. Towards the end of the camp, students will also be participating in the 100K MehtA+ Money Startup Pitch Competition where they will pitch startup ideas related to AI + Visual Arts. Students who successfully complete the camp will receive a certificate.
