

# Math Kangaroo USA

INTERNATIONAL MATHEMATICS COMPETITION  
FOR K-12 STUDENTS

Helping students love math  
through competition, classes, webinars, and camps

July - September 2025

## Dear STEM Education Supporter,

I hope this letter finds you well. We invite your esteemed organization to partner with us in supporting the Math Kangaroo 2026 competition in the USA. As the world's largest international mathematics contest, Math Kangaroo inspires and challenges young minds. [Your donation would have a significant impact on students from Title I schools](#), of which there are 53,562, serving around 25 million students nationwide.

[Math Kangaroo USA](#) fosters a love for math and daily learning among K-12 students. Beyond the competition, it promotes problem-solving and critical-thinking skills essential for academic and real-world challenges. For 28 years, we have helped thousands of students develop their math skills and open new educational opportunities. However, registration fees and study materials can be a barrier for many deserving students.

Your support can provide scholarships, cover participation fees, and supply resources to schools in need. In return, we offer:

- Featuring your business on our website, which receives over 400,000 visits during peak seasons.
- Highlighting your business on our social media platforms.
- Including your business in our newsletter, reaching nearly 100,000 members each month.
- An opportunity to attend and speak at our competition or award ceremony.

Your contribution will ensure that students from all backgrounds have the chance to excel in Mathematics. Thank you for considering this partnership. We look forward to discussing this opportunity with you.

Please contact us at [info@mathkangaroo.org](mailto:info@mathkangaroo.org) with any questions or for more information.
