

In this lesson we will talk about calendar and time.

When solving problems about calendar and time, many times it is helpful to draw a clock or a calendar. We will add to the blank clocks and calendars to help us solve the problems in class.

Please print the handout before the lesson and have it with you to work the questions in class. Do not write anything in advance.

What to do before the lesson:

- Prepare paper, pencil, and markers;
optional – white board
- Print this handout

Looking forward to seeing you in this fun and educational class.

- Your MK Teacher

Use the tables to make a calendar, for the problems that refer to the calendar.
