

In this lesson we will work on problems that require folding, cutting, or arranging shapes.

Some Math Kangaroo questions have figures that could take time to draw. We have provided these figures for the lesson in this handout. Please print it out before the webinar and have it with you to work the questions in class. Do not write anything in advance.

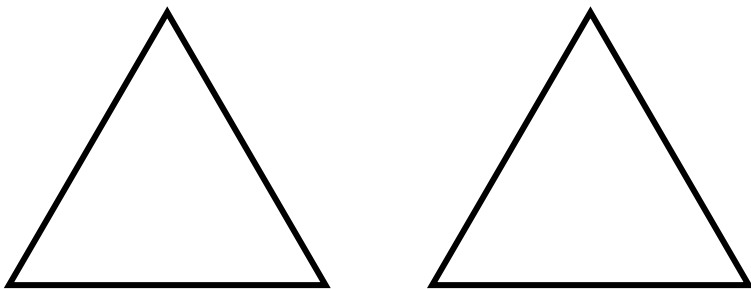

What to do before the lesson:

- Prepare paper, pencil, and markers;
- Print this handout and cut out the shapes.

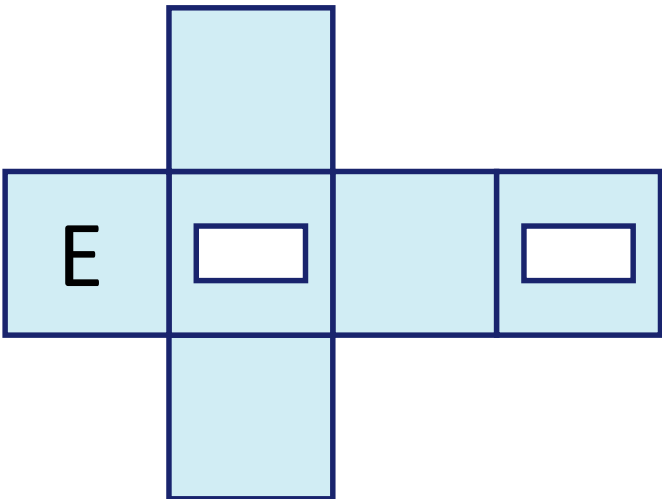

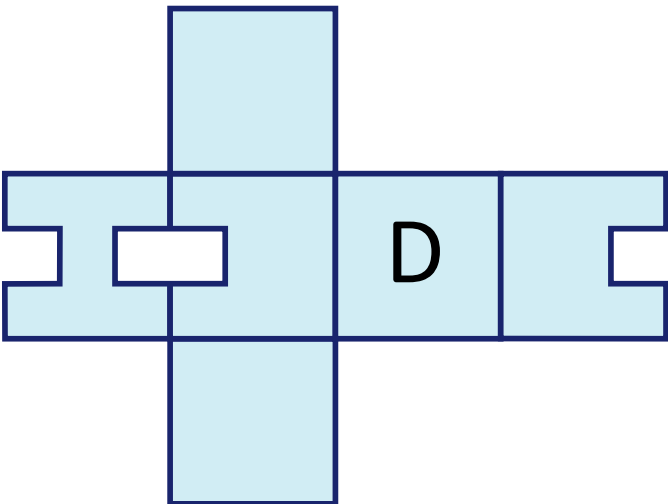

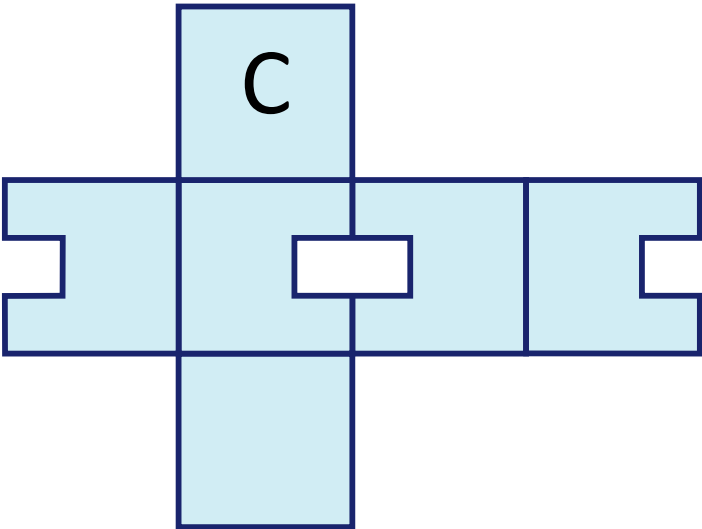

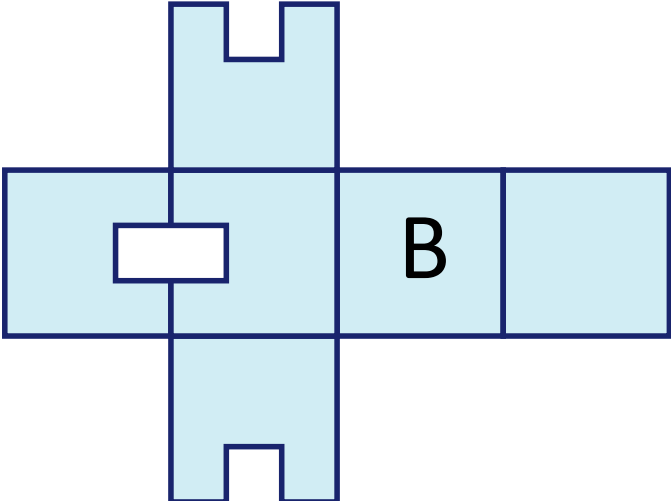

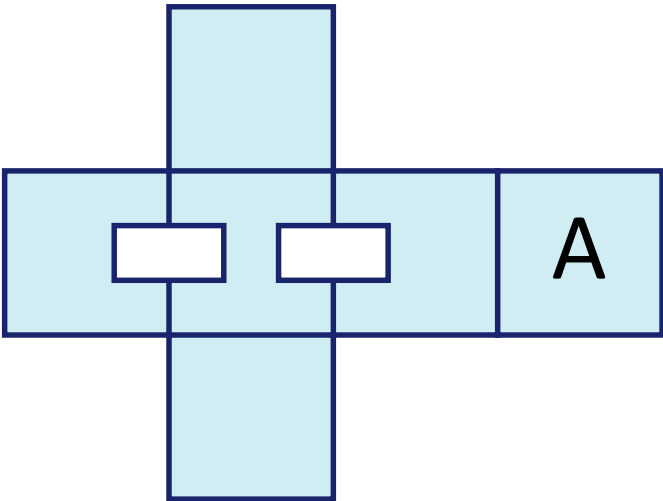

Looking forward to seeing you in this fun and educational class.

- Your MK Teacher
