In this lesson we will learn to read clues carefully and look for hidden information to help us solve a problem.

Some Math Kangaroo questions have figures that could take time to draw. We have provided these figures for the lesson in this handout. Please print it out before the webinar and have it with you to work the questions in class. Do not write anything in advance.

What to do before the lesson:

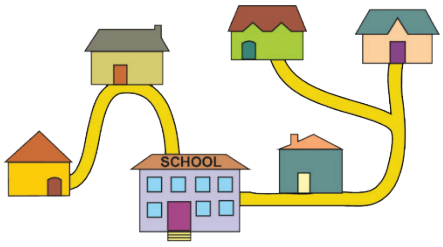

- Prepare paper, pencil, and markers;
  optional – white board

- Print this handout

Looking forward to seeing you in this fun and educational class.
